

## STEM Summer Series Job Posting

Join the Borough of Bay Head and Save Barnegat Bay this summer at our STEM Summer Series in Bay Head, NJ. Throughout this program we will be creating experiences throughout the Borough while inviting scientists, guest presenters, field trips, and using our “This Way to Barnegat Bay” lesson book to empower children ages 5-15. Most lessons will take place outdoors, in and around the Barnegat Bay and Ocean. This hands-on immersive experience will be a chance for young people to connect STEM (Science, Technology, Engineering and Math) ideas with their local environment and neighborhoods while learning about future career opportunities and ways to get involved.

### Teacher Position:

Teachers must be able to speak clearly to multiple ages and audiences as well as help children throughout the program. Educators in this position must be confident leading content programming after receiving training and literature. Applicants preferred who are able to adapt and think on their feet. Teachers in this position will be executing STEM programming alongside the Education Staff at Save Barnegat Bay.

- This position is paid part-time.
- Applicants must be available for 7 out of 8 Tuesdays
  - 8am to 6pm between July 5 and Aug 23, 2022
- Must be able to pass a background check
- Experience working with children is strongly preferred
- Must have reliable transportation to Bay Head, NJ
- Skills include confident leading and public speaking

### Teacher Assistant Position:
